# Agent Banking

A branch in every store, pharmacy and supermarket.

FOR

Banks · Financial companies · Remittance operators

METRIC IT MOVES

Service points · cash transactions

## THE CHALLENGE

Opening branches is slow and expensive, and traditional agent models put identity checks on cashiers, slowing the store and limiting adoption.

## WHAT THE KIT INCLUDES

- Cash-in, cash-out, bill payments and transfers at stores
- Integration with chain checkout systems
- App for small independent stores
- Digital agent onboarding with document and location checks
- Customer identity verified on their own phone
- Real-time limits, commissions and audit logs

## HOW IT WORKS

01 Agent onboarding

02 Customer identifies on their phone

03 Cash operation at the counter

04 Real-time posting to the core

## WHAT YOU GAIN

- ✓ Coverage without new branches
- ✓ More transactions at lower cost
- ✓ New income for partner stores

## WHAT YOU NEED TO START

- Agent banking authorisation
- Partner chains or store network
- Services to offer and commission model

## Book an architecture session

45 minutes with our engineers to map your core, channels and next launch.
