MPAYcenter

LAUNCH KIT · FACT SHEET · 02 · DIGITAL BANKING PLATFORM

Mobile & Web Banking

Your bank in your customers' pocket — on your current core.

FOR

Banks · Cooperatives · Financial companies

METRIC IT MOVES

Active digital customers

THE CHALLENGE

A modern app usually means either replacing the core or a long custom project. Meanwhile customers move their daily payments to fintechs.

WHAT THE KIT INCLUDES

- Mobile app and web banking under your brand
- Balances, statements, transfers and payments
- QR payments and bill payments from the app
- Cards and limits management, where supported
- Notifications and secure authentication
- Back-office for customers, limits and content

HOW IT WORKS

01 Your brand and rules

02 Connection to the core

03 Customer app and web

04 New modules over time

WHAT YOU GAIN

- ✓ A modern channel without replacing the core
- ✓ Customers who stay for daily payments
- ✓ A base to add products module by module

WHAT YOU NEED TO START

- Brand guidelines and product rules
- Core integration access
- Distribution plan for customers

Book an architecture session

45 minutes with our engineers to map your core, channels and next launch.
